Our Mission

To provide for the health, inspiration and education of the people of California by helping to preserve the state's extraordinary biological diversity, protecting its most valued natural and cultural resources, and creating opportunities for high-quality outdoor recreation.

As of July 1, 2014, and during the entire 2014/15 fiscal year, the California State Park System consists of 263 classified units and 16 major unclassified properties, a total of 279 areas. These areas are shown on this map, printed in black:

State Park	88	State Vehicular Recreation Area	8
State Beach	62	State Historical Monument	1
State Historic Park	52	State Seashore	1
State Recreation Area	33	State Marine Park	1
State Natural Reserve	16	Wayside Campground	1

Three other types of classified units, created for special resource management purposes, may be established internal to any of the types of classified units noted above. As of July 1, 2014, there were 96 such units. They are shown on this map, their names printed in blue and listed under the units in which they are located:

Natural Preserve	61
Cultural Preserve	23
State Wilderness	12

As of July 1, 2014, the units and properties of the California State Park System were operated through 25 districts. The majority of the units are managed by 20 districts, identified on the map by name and with their land area shown in specific colors. The eight State Vehicular Recreation Area units are managed through five Off Highway Motor Vehicle Recreation Districts, the unit-specific locations of which are indicated on the map by their names alone using a typeface smaller than that used for the names of the other districts.

This map is used for the report, *Planning Milestones for the Park Units and Major Properties Associated with the California State Parks System, July 1, 2014*, published by the California Department of Parks and Recreation, Marketing and Business Development Office, Sacramento, California. Information for the *Planning Milestones* July 1, 2014 map was compiled between July 1, 2013 and June 30, 2014. In the interest of consistency throughout the fiscal year, California State Parks uses information current as of July 1 for official unit/property references in the upcoming year.

The units' parcel boundaries are approximate and should not be considered legal descriptions. The smaller units are indicated by a dot for larger than the area covered by the properties themselves.
